

# Dongjiang Guangya Campus **GSA US SECONDARY SCHOOL STUDY CENTER**

*A Solution for US Secondary School Students in China*

## **OUR MISSION**

The Global School Association (GSA) has partnered with Dongjiang Guangya School to establish the "GSA US Secondary School Study Center" which aims to provide U.S. schools and Chinese students with a solution for studying online while in China. The boarding program supports students while they continue your U.S. school's curriculum online and offers access to a high-quality and safe school campus environment, 24/7 academic supervision, academic tutoring, and extracurricular and cultural activities.

- Promote efficiency and effectiveness in students' online course study
- Help students maintain physical and mental health
- Enable students to experience campus life

# DONGJIANG GUANGYA SCHOOL

Dongjiang Guangya School is an academy-style boarding school founded by Guangdong Guangya Middle School (Zhang Zhidong Academy), a century-old prestigious school, in Huizhou, Guangdong only 20 kilometers away from Huawei's headquarters. It has gradually become an integrated education organization for elementary, junior, and high schools. The school campus is over 300 acres and has a total investment of over US\$100 million. Its advanced teaching facilities and educational equipment are at the forefront of modern education.

The school has fully functional administrative buildings, teaching buildings with interactive multimedia classrooms, cloud classrooms, libraries, high-standard student dormitories, teacher apartments, sports fields, basketball courts, indoor swimming pool, a martial arts room, dance studio, climbing wall, fencing room, Chinese herbal medicine museum, garden, and farm.

### STUDY SUPERVISION & CLASS ATTENDANCE

#### The Student Support Team

- Serves as the liaison between schools and students.
- Helps students customize their study plans and manage their time through check-ins and daily reminders.
- Oversees students to ensure class assignments are submitted on time.
- Communicates with schools regarding students' academic performance, attendance, and class times.
- Provides feedback to students' parents.
- Supports schools' online teaching methods.
- Helps students navigate their online classes and solve technical problems.

### PERFORMANCE ANALYSIS & ACADEMICS PLANNING

#### The Student Support Team

- Collects report cards and teacher feedback from schools.
- Provides report card translation, student academic performance analysis, and academic suggestions, and course selection support.
- Provides individualized academic planning, student performance feedback, and customized planning reports after each advising session.
- Introduces academic resources based on the student's academic plan and individual needs including standardized test preparation, tutoring, internships, and competition opportunities.

## CAMPUS LIFE

- Nutritious cafeteria meals
- Campus Four-Star hotel serves as the student dormitory with two students per room
- At least 2 residential advisors assigned to each floor to ensure student safety and support
- Transportation provided to campus from local airports and train stations on the day of arrival
- Group field trips organized 2-4 times per month
- On-site infirmary provides both traditional Chinese and Western medicine
- Comprehensive preventative care provided

## EXTRACURRICULAR ACTIVITIES

### Technology

- Junior Academy of Science
- Makers Team
- Youth Engineering Institute

### Life Sciences

- Career Planning
- Human Wisdom & Artificial Intelligence
- Life Science & Philosophy
- Psychology

### Social Sciences

- Community Service

- Entrepreneurship
- Mock Trial
- Model United Nations

### Literature

- Literature
- Poetry
- Publishing

### Arts

- Calligraphy
- Choir
- Dance
- Drama
- Orchestra
- Painting
- Piano

### Sports

- Basketball
- Chess
- Fencing
- Kayaking
- Martial Arts
- Rock Climbing
- Soccer
- Swimming
- Table Tennis
- Tennis
- Track & Field

## ACADEMIC ARRANGEMENT

### Subject Q&A

Q&A sessions for specific subjects are held each day to help students understand and keep up with their online courses.

### Self Study

Study tutors organize and supervise self-study for students on site.

### Tutoring

Tutors assist students while they attend live classes online, watch recorded classes, or complete online coursework from their US schools.

### Traditional Chinese Cultural Classes

Students can take traditional Chinese medicine classes in the school's Chinese Medicine Baicao Garden.

### Extracurriculars

The campus provides comprehensive facilities including a swimming pool, fencing room, rock climbing wall, basketball court, and martial arts room for teacher and student-led extracurricular activities.

### Educational Field Trips

Each semester 1-2 educational field trips are organized for students.

### Academic Advising

Each month students have two sessions with a Senior Academic Advisor to help them create, evaluate, and track progress of their academic plans.

# TESTIMONIALS

*This was definitely the correct decision to allow my child to be back with classmates. There is nothing more important than my child's smile.*

*"I personally enjoy group activities and am very happy to be involved to play, communicate, and study with everyone. The school's facilities have been upgraded with the efforts of teachers. For example, the Internet works better than at home. Since it is a Campus life, I must abide by the school's rules and regulations. In short, I have adapted well, and the school is very large and beautiful."*

—**Jerry** / Saint Edward's School / Grade 11

*"Both the school environment and learning atmosphere are pleasant. At the same time, there are professional teachers to answer questions and provide academic support. I am also experiencing a long-lost Campus life, which has not been available since I was in the United States."*

—**Simon** / Forsyth Day School / Grade 11

*"Compared with online classes at home, I feel better at school with my friends. I like the extracurricular activities arranged by the school, including music, calligraphy, and Chinese studies which are all my cup of tea!"*

—**Kristin** / Northwest Catholic High School / Grade 12

*"I am a student specializing in sports and art. Studying is my relative weakness, so I want to study in a place with a learning atmosphere. As a freshman, I also hope I can enhance my self-discipline and develop a regular schedule. I am studying more focused at the GSA Study Center with a relatively good environment. As a southerner, I also really like the food. Most importantly, I like the elective courses which help improve my specialty and bring a lot of fun to learning!"*

—**Makey** / Wesley College Preparatory School / Grade 9

*"My self-discipline is relatively weak. There are too many gaming devices at home, and it's easy to be distracted. So, I chose to join GSA. I hope that I can improve my self-discipline and increase my GPA. Moreover, the accommodations and environment here are quite good. Easy to adapt."*

—**Carl** / St. Joseph High School / Grade 10

*"Due to Internet problem at home, my grades last semester were somewhat affected. And my mother's health was being challenged since she stayed up with me to take online classes for a long time. Therefore, I signed up for GSA and found it better than I expected. The school is beautiful, and my room is large. My roommate and new friends are very nice. I took badminton and music classes as elective courses, and I am more motivated to lose weight by exercising with everyone."*

—**Roy** / Hamden Hall Country Day School / Grade 9

*"How wonderful it is to have such great listeners who read children's hearts and offer advice and guidance at the same time! This is what I am willing to do but not able to! I am grateful to have you all and thumb up for our teachers."*

*"My favorite scene is seeing my child's figure on the sports field, which is the most beautiful scenery in my eyes!"*

*"All of you have worked hard. This unforgettable life experience will be a precious memory. Cheer up, children!"*

*"Both the teachers and children are great! Thanks for your hard work!"*
